

Terre Arate

design Martinelli Venezia

Rivestimento modulare ottenuto dalla composizione di elementi caratterizzati da un perimetro irregolare che, una volta assemblati, ricordano le linee curve dipinte sui tetti dei dammusi.

Modular, wall covering created by putting together irregularly shaped tiles, that once assembled resemble the curved lines painted on the rooftops of the dammusi houses.

Materiali / Materials

Grigio Billiemi marble (for the furrowed base) with Pietra Pece inserts (for the flint, sculptured elements), both materials are typical of Sicily.

Dimensioni / Dimensions

Single tile 60x65,8 cm

Peso / Weight

16 kg
